Keyboard Shortcuts (Part 1)

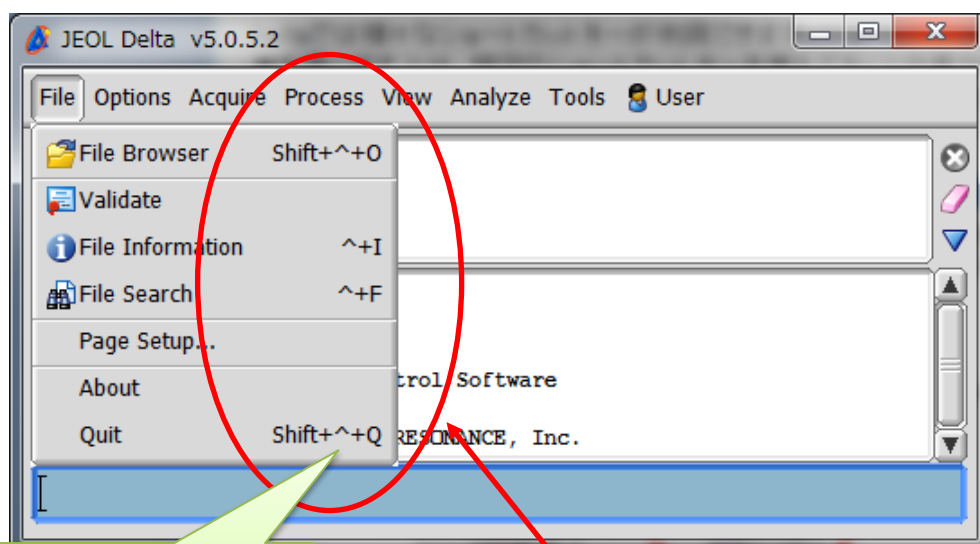

NMR data processing software

Delta
NMR Software
v5.0

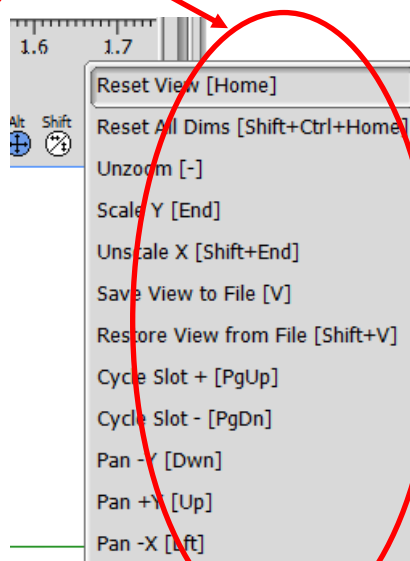

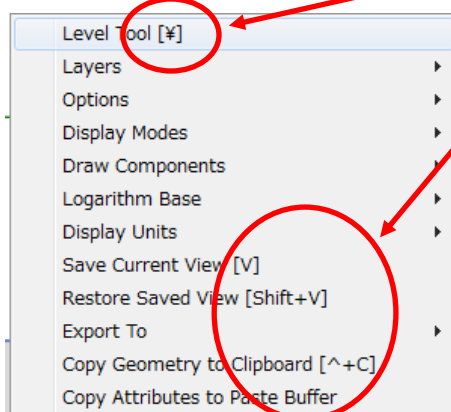

< How to find keyboard shortcuts in Delta software >

Delta software supports keyboard shortcuts for your convenience. These shortcuts are typically shown next to each command in all menus. For example, the **SHIFT** key + **CTRL** key + **O** key combination opens the File Browser window.

The ^ symbol represents the **CTRL** key

Keyboard shortcuts are available for many commands and tools
